Nikhil D. Hegde

Indian Institute of Technology Dharwad
WALMI Campus, PB Rd, Karnataka-580011

nikhil.hegde@gmail.com
6364248239

RESEARCH INTERESTS

I am interested in the areas of parallel and distributed computing, and programming languages. Specifically, I am interested in developing techniques to bridge the gap between performance and ease of programming of irregular applications on heterogeneous systems.

EDUCATION

Ph.D	Electrical and Computer Engineering, **Purdue University**, West Lafayette, USA *Thesis: Distributed Execution of Recursive Irregular Applications* Advisor: Prof. Milind Kulkarni	2019
M.Tech	Computer Science and Engineering, **Indian Institute of Technology**, Madras, India *Thesis: Mobility Management and the Role of Mobile Node in Meghadoot Architecture* Advisor: Prof. C. Siva Ram Murthy	2005
B.E	Computer Science and Engineering, **B.M.S.College of Engineering**, Bangalore, India	2002

POSITIONS SUMMARY

Assistant Professor	Indian Institute of Technology Dharwad, Karnataka, India	08/19 -present
Graduate Instructor	Purdue University, West Lafayette, USA	06/19 - 08/19
Teaching Assistant	**Purdue University**, West Lafayette, USA	01/19 - 05/19
Research Assistant	**Purdue University**, West Lafayette, USA	2017 – 2018
Summer Intern	Technology Manufacturing Group, AQS, **Intel Corp.**, Hillsboro, USA	2017
Research Assistant	**Purdue University**, West Lafayette, USA	2014 – 2017
Teaching Assistant	**Purdue University**, West Lafayette, USA	2013 – 2014
Senior Engineer	Mobile Communications Group, **Intel India Pvt. Ltd.**, Bangalore	2012 – 2013
Senior Engineer	Symbian Technology Group, **Nokia India Pvt. Ltd.**, Bangalore	2010 – 2012
Senior Engineer	**AdsFLO India Pvt. Ltd.**, Bangalore	2007 – 2010
Software Engineer – II	HPC Connectivity Group, **STMicroelectronics India Pvt. Ltd.**, Greater Noida	2005 – 2007
Software Engineer	**Infosys Technologies Ltd.**, Bangalore	2002 – 2003

TECHNICAL REPORTS

- **Nikhil Hegde,** Qifan Chang, and Milind Kulkarni. 2018. *D2P: Automatically generating distributed dynamic programming codes.* School of Electrical and Computer Engineering Technical Report TR-ECE-18-09. Purdue University, West Lafayette, IN, USA. https://docs.lib.purdue.edu/ecetr/492

AWARDS, GRANTS, and SERVICE

- (Grant) Development and Demonstration of AI enabled Weather and Market information based Decision Support System (FARWM-DS) for Sustainable farm productivity and profitability, NASF, Govt. of India, Cooperating Investigator 2023-2025
- (Grant) Toward an Auto-Programming Framework for Recursive Irregular Applications, SERB-SRG, Principal Investigator 2022-2024
- (Grant) Fast Eigensolvers for Large-Scale Hierarchical Matrices -From Design to Deployment, DST-NSM, Principal Investigator 2021-2023
- (Grant) "D2P: A framework for code generation and distributed-memory parallelization of dynamic programming algorithms". Allocation Manager: (PI: Milind Kulkarni), 11/18 - 11/19, XSEDE Startup Grant TG-ASC170007 2018
- (Grant) NSF travel grant to attend ISPASS, Santa Rosa, CA. 2017
- (Grant) NSF travel grant to attend IISWC, Providence, RI. 2016
- (Award) Outstanding Service Award – CCGRID'23 2023
- PPoPP (Artifact Evaluation Chair), CCGRID (Early Career and Students' Showcase Co-chair) 2023
- Supercomputing (SC) 2020(mentor), 2021 (mentor), 2022 (Tutorial Committee Member)
- HiPC, Technical Program Committee Member, 2022
- ACM TACO, Reviewer 2022
- International Conference on Parallel Processing (ICPP), Technical Program Committee member 2020, 2022

TALKS, WORKSHOPS, and PRESENTATIONS

- Protecting Locks Against Unbalanced Unlock() (SPAA), Orlando, Florida 2023
- Concurrency and Java, Invited Talk, Mentor Graphics (Siemens EDA) 2021
- Parallel Programming Models, Invited Talk, NIT Andhra Pradesh 2021
- HPC101, Workshop, under the ambit of National Supercomputing Mission (NSM) 2021
- Parallel Programming Models, 2-day workshop, Broadridge Financial Solutions 2020
- SPIRIT: A runtime system for distributed irregular tree applications

International Conference on Supercomputing (ICS), Chicago 2017

- Treelogy: a benchmark suite for tree traversal applications
  IEEE International Symposium on Performance Analysis of Systems and Software (ISPASS), Santa Rosa 2017
- Implementation and Performance Evaluation of a Hybrid Wireless Network Architecture for Rural Communication
  National Conference on Communications (NCC), IIT Kharagpur, India 2005

POSTERS

- Generating Efficient Parallel codes for Recursive Linear Algebra Algorithms, HiPC, SRS, Bengaluru 2022
- SPIRIT: A runtime system for distributed irregular tree applications
  Principles and Practice of Parallel Programming (PPoPP), Barcelona 2016
- Treelogy: a benchmark suite for tree traversal applications
  IEEE International Symposium on Workload Characterization (IISWC), Providence 2016

SOFTWARE CREATED

- **SPIRIT and Treelogy - https://bitbucket.org/plcl/treelogy**
- **D2P - https://bitbucket.org/plcl/d2p**

OTHER PROJECTS

- WaSP: Ensemble-based Warm-Starting Parameter Initialization for Training of Neural Network Models (Purdue University, Research project, 2/2016).
- A compiler for the LITTLE programming language (Purdue University, ECE573 project, 12/2013).

TEACHING EXPERIENCE

Assistant Professor — Computer Science and Engineering, **IIT Dharwad** — 8/2019-present
CS406 (Compilers), CS316 (Compilers Lab), CS305 (Software Engineering)
CS601 (Software Development for Scientific Computing),
CS410 (Parallel Computing)

- Fully responsible for teaching CS406, CS316, CS305, CS601: creating syllabus (CS601 only), updating the course content, delivering lectures to a large class, holding office hours, preparing exams, managing tools (GitHub Classroom, GitHub teams, Actions, Autograding), designing and updating the course webpage for efficient realization of course objectives; https://hegden.github.io/teaching

Graduate Instructor — Electrical and Computer Engineering, **Purdue University** — 6/2019 – 8/2019
Advanced C Programming (ECE264)

- Fully responsible for teaching the course: updating the course content, delivering lectures to a large class, holding office hours, preparing exams, managing tools (GitHub Classroom, Piazza), designing and updating the course webpage for efficient realization of course objectives; https://hegden.github.io/ece264

Teaching Assistant — Electrical and Computer Engineering, **Purdue University**
Introduction to Data Science (ECE29595) 1/2019 – 5/2019
Introduction to ASIC Design (ECE337) 8/2013 – 5/2014

- Delivered short lectures at the beginning of the lab session, assisted students on their programming tasks, graded assignments and exams, advised on project execution and presentation.

Lab Assistant — Computer Science and Engineering, **Indian Institute of Technology, Madras** — 8/2004 – 4/2005
Paradigms of Programming (CS3100)
Introduction to Computer Science and Engineering (CS1300)

- Assisted students on their programming tasks.

PROFESSIONAL EXPERIENCE

Intern — **Advanced Quality Systems, MTD, Intel Corp.,** Hillsboro, USA — 5/2017 – 8/2017

- Built predictive models using machine learning techniques to accurately predict yield and quality in Intel's chip manufacturing lines

Senior Engineer — **Mobile Communications Group, Intel India Pvt. Ltd.**, Bangalore — 7/2012 – 8/2013

- *Development, and integration of GPS receiver software modules on cellular platform.*
  Designed and developed modules to support different positioning protocols: OTDOA, Assisted-GPS (AGPS), Network-based, and LTE Positioning Protocol.

Senior Engineer — **Nokia India Pvt. Ltd.**, Bangalore — 6/2010 – 6/2012

- *Creation of hardware adaptation and OS layer for GPS receiver chips used in Nokia smartphones.*
  Ported I2C driver for SMP compliance, improved Symbian OS scheduler, developed location services protocols (RRLP, RRC, SUPLV1.0) and tested for GCF and PTCRB compliance, developed modules to support Assisted-GPS and network-based positioning technologies**.**
- *Creation of robust authentication methods for Mobile Device Management (DM)*
  Developed modules to support mutual-authentication of mobile device and DM server.

Senior Engineer — **AdsFLO India Pvt. Ltd.**, Bangalore — 10/2007 – 5/2010

- *Creation of targeted mobile advertising solutions for iOS, WinCE, Symbian based smartphones, and DVB-H based devices.*
  Supported demonstration of the product at MWC (2007 – 2009), and CES (2008 – 2009), developed Ad-scheduling algorithms to ensure fairness, optimize fill rate, and minimize Ad fatigue, developed Electronic Service Guide (ESG), and applied basic image-processing and error-correction algorithms.
- *Recruitment for the mobile devices team*
  Conducted technical interviews and mentored new employees

Software Engineer – II — **STMicroelectronics India Pvt. Ltd.**, Greater Noida — 7/2005 – 10/2007

- *Design and development of link-layer software for the DVB-H receiver chip.*
  Modeled memory controller, Reed-Solomon encoder, and DVB-H traffic decoder in software. Performed link layer validation of DVB-H IP on FPGA, Implemented drivers for taped-out chip.

Software Engineer — **Infosys Technologies Ltd.**, Bangalore — 12/2002 – 7/2003

- Tested MPLS enabled network switches.

SKILLS

Programming: C, C++, Symbian C++, Objective C, Perl, Python, Shell, OpenGL-ES, Linux Kernel, MPI, OpenMP, Pthreads, Boost Graph Libraries.
Debuggers: Lauterbach, Trace-32, Fastrace, ARM extended debugger (AXD), Multi-ICE, gdb.
Others: Spirent ULTS, Cadence SimVision, WireShark Network Traffic Analyzer, OpenSSL, JBoss, and Tomcat, LaTeX.
Versioning and Quality: Rational tool chain, SVN, CVS, Git, Bugzilla.
